PROFESSIONAL TIMING

# Professional Voice Communication System HL 551

HL551 – Double

HL551S – Simple

Used in conjunction with the same pair of wires that carries timing impulses, this system provides voice communication over long distances.

High quality headsets are connected to adaptor and offer excellent two-way communications signal quality

Sound volume is adjustable

**Recommended use:**

- To ensure the best possible communications signal quality, it may sometimes be necessary to isolate your timing and communications lines from sources of electrical noise and disturbance that can be caused by electric motors or bad effects from power supplies.
- Most of these problems can be remedied through the use of our HL 553 Impulse Distributor and Opto-coupler
